

## Steps to Install First Gulf Bank Margin Trading Software

1. Go to First Gulf Bank Internet website i.e. <http://www.fgb.ae>
2. Select Margin Trading Page under Treasury menu i.e <http://www.fgb.ae/en/treasury/margintrading/index.asp>

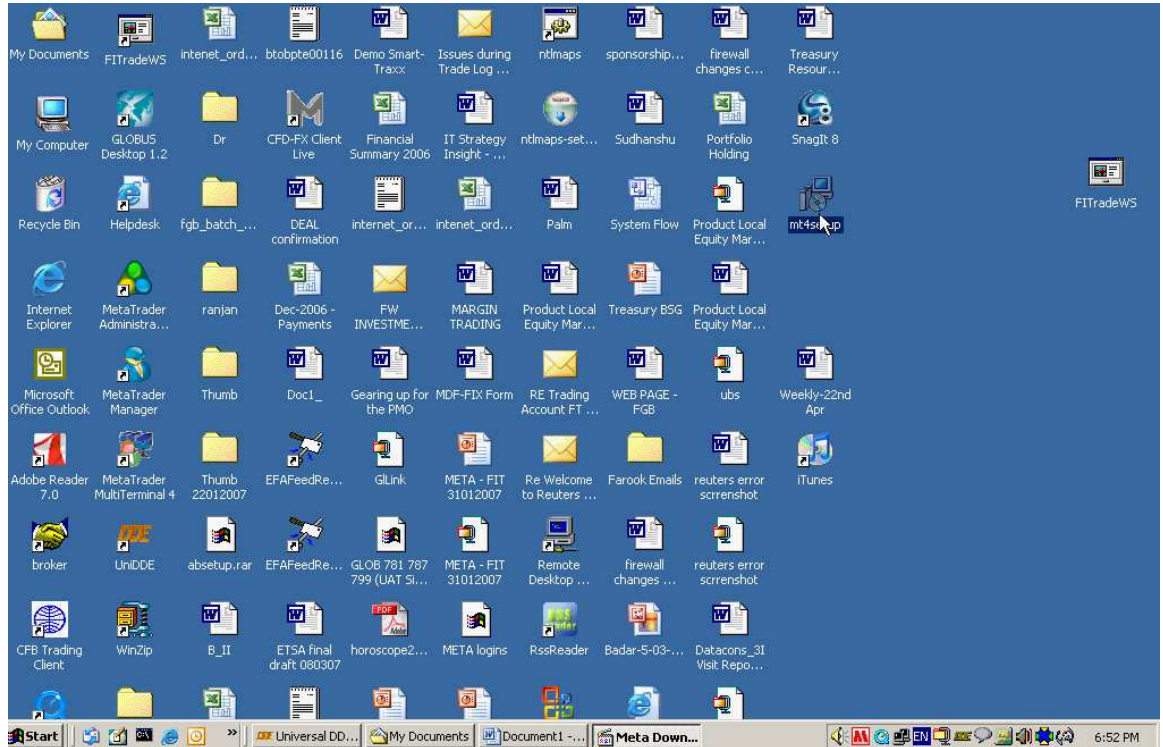

3. In the Right Hand Frame you will see Internet Margin Trading – Download Demo. Click on the **Download Demo** icon and start the download.

If you are using a Microsoft compatible PDA, please use the mobile margin trading. You can download the file, by establishing the GPRS connection and typing the link as <https://www.fgb.ae/en/mt4mobilesetup.cab>

Please note the mobile PDA file is a CAB file and will self extract and follow the same instructions for installation

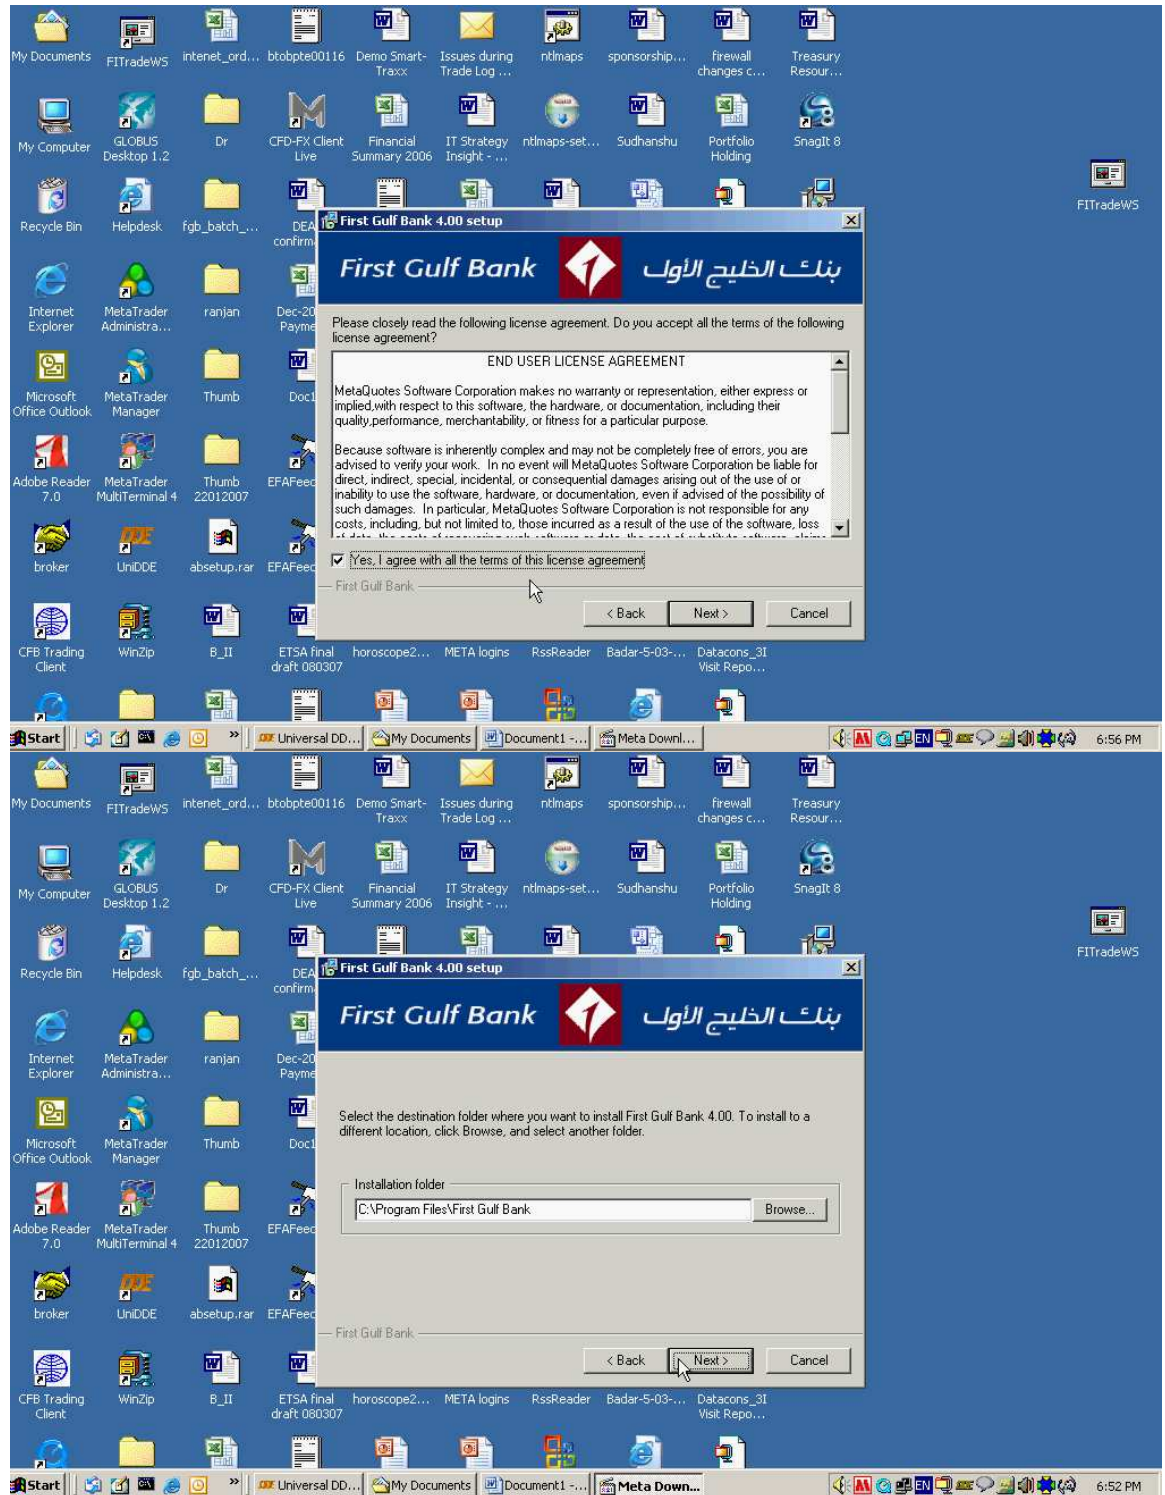

4. Download the **mt4setup** software on your PC and install by double clicking on the file

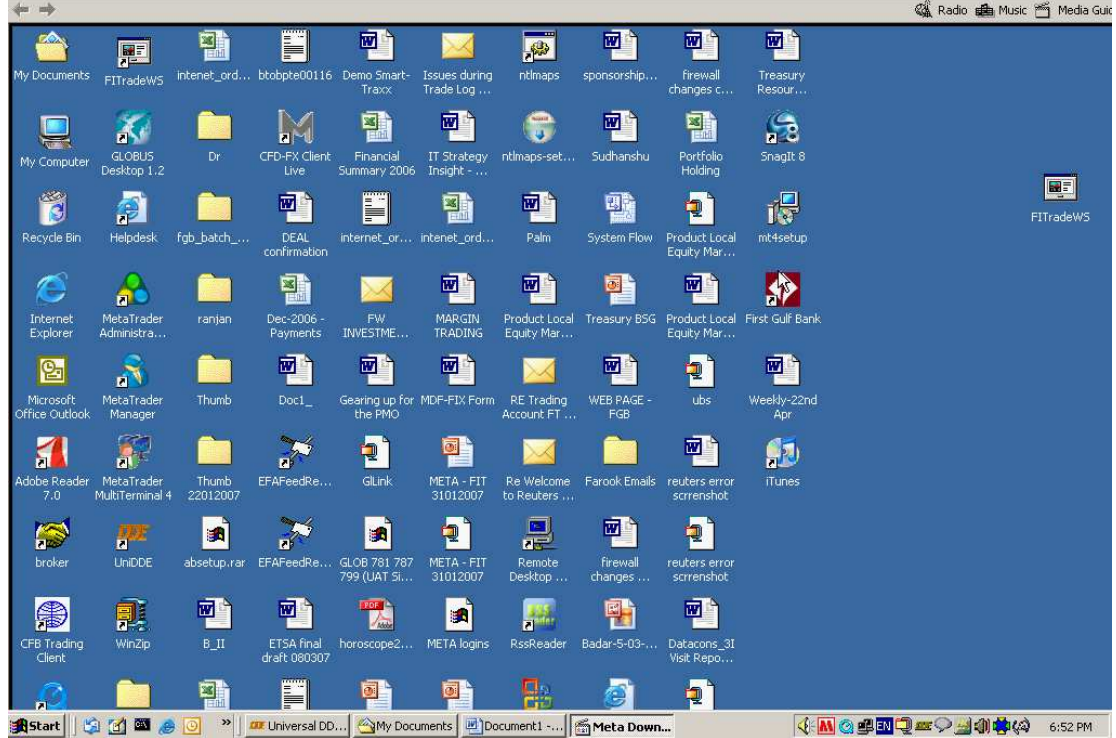

5. Please select the language, location to install the software, accept the Terms and Conditions and install the software.

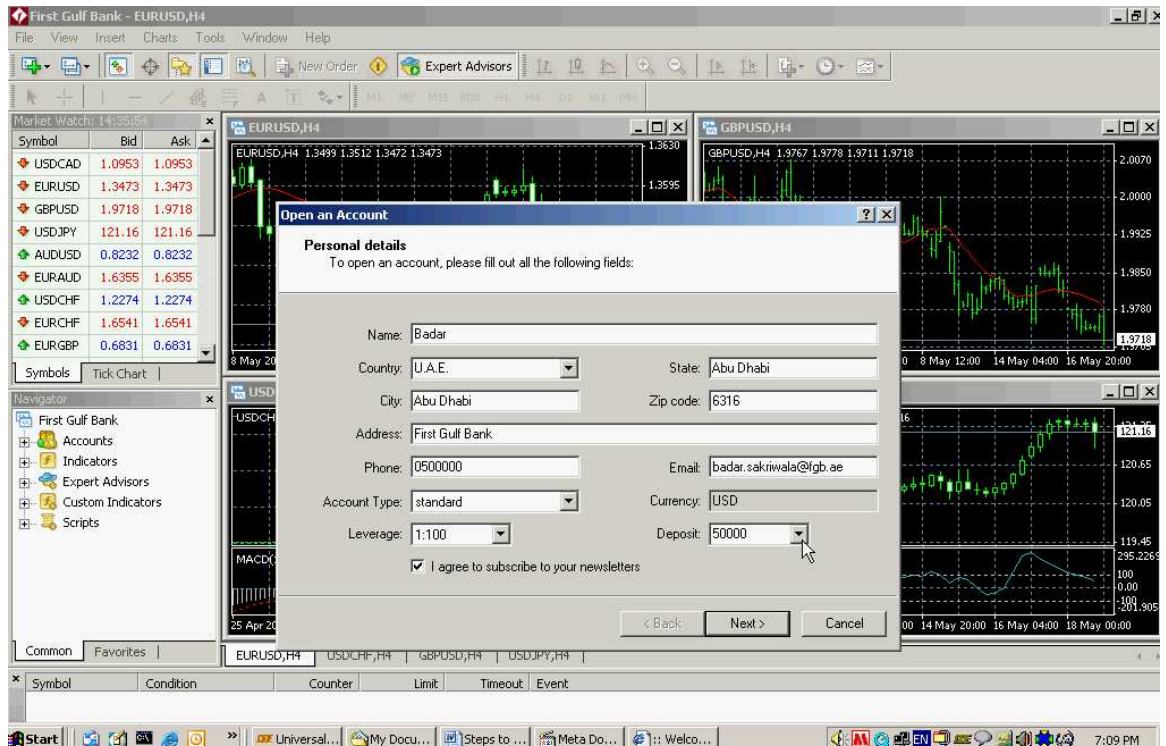

6. After installation of software an icon by name First Gulf Bank is created and the application launches

7. It will ask for personal details to be filled for a DEMO Account creation. You will need to select the **ACCOUNT TYPE** (*standard*, futures, forex), **Deposit and Leverage**. Select on agreement to subscribe to newsletters

- Once the Tick box to subscribe is selected, then the **Next** button is activated.
